*July 2020 "Thank you SO much Leonie. Today's session was not only informative but it also lifted a lot of weight off my shoulders. It feels like the light has been turned on and I'm no longer navigating this parenting journey in the dark! I now feel confident to address issues of cyber safety and device usage in our home to protect our boys whilst still permitting them access and creativity on the net and in social media. My only regret is that I wish we had engaged you a long time ago!" Candice Mum of 3*
