## Cyber Safety - This Years Trends

Professional development for educators and youth workers on cyber safety & this years trends

Time: 60min - 90min Presentation

### Session Includes:

- Latest Apps & platforms students are using
- Advice for oversharing, cyber bullying, & sexting
- Safer options for students, messaging, social media, video apps
- Online privacy options to better protect students AND teachers
- Advice for adult content being brought into school on devices
- Ideas for better cyber safety awareness in parent and school community
- Resources - where to go for help

This presentation helps educators to get up to speed with what young people are actually doing online and what the latest trends and issues are.

If students bring their online problems into the school environment it helps if educators know about the apps and platforms they are using, and where to turn to for help.

Parental controls and safe search settings are essential for home use of BYOD. This presentation will help educators to understand what is often lacking in homes as far as safe internet use that impacts their students also at school.

#### Testimonials

‘Since the first Parent Education Session presented by Leonie in 2013, we have noticed that the school is dealing with less incidents of inappropriate behaviour relating to social networking...Leonie’s resources are often referred on to parents to support them in informing themselves of what their child may be exposed to.’

*Josie Vescio | Principal St Rose Catholic School*

“Leonie, Thank you so much for your visit and thank you for your follow up information and tips. We will definitely use these! Your presentation was informative, interesting and so beneficial for our students (and teachers!). We appreciate your knowledge on these issues and will no doubt see you again sometime.”

*Pippa Patrick | Junior School teacher Oxford Falls Grammar School*
